

Hello, Everyone

GLIGOR CILKOV

FULL STACK DEVELOPER

EDUCATIONAL TRAINING

University American College Skopje

Bachelor of Science in Computer Science with concentration of Software engineering

- Attended from Oct. 2019 to June 2021
- Graduated with honors.

PROJECT EXPERIENCE

NeatFlix

- Design Driven & focused prototype application
- Developed a full-stack web application "NeatFlix" using React & Firebase that had a very similar feel to Netflix's application. React was used for the front-end components and Firebase for back-end functionalities.

HSELIFELARS

- Developed in the early stages on the full-stack web application "HSELIFELARS" an learning and registration system used in the Netherlands. Using Vue to create the front-end components. As well as Django RESTful API, using the JWT user authentication system for the back-end.

UtilisDigital

- Design focused website
- Created with Wordpress using Elementor website builder with custom HTML/CSS code.
- Using Figma to prototype design into code.
